FOREWORD

Sound is that element which makes a scene come alive. Without someone to hear, however, nothing is audible. Conroe High School is filled with people who hear and make sounds which involve such actions as hurrying to class before the ring of the tardy bell, learning to the scratch of chalk on a blackboard, or applauding a Tiger victory.

To remove these sounds would make this high school merely a facility. Realizing this the Flare Staff has endeavored to capture pictorially the sounds of 1968 and present them in the Flare.

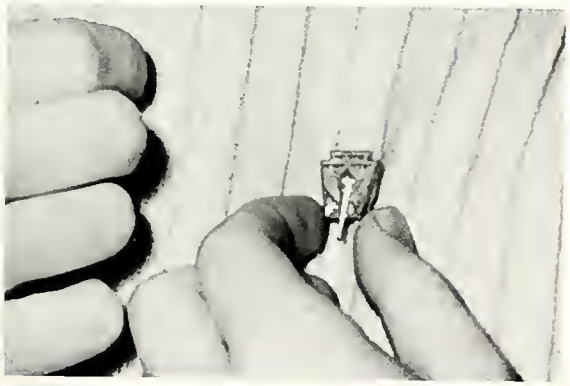
HONORS



THE OUTSTANDING STUDENTS IN CONROE HIGH SCHOOL

Last year the Flare Staff initiated this honor to recognize those seniors whose contribution to Conroe High School is worthy of highest recognition. The decision by a faculty committee resulted in the selection of the most well-rounded students whose excellence includes scholastic achievement, leadership in campus organizations, and activities, and interscholastic honors.

PAT WHATLEY

By election from his fellow students, Pat has received many honors including President of the Latin Club his sophomore year, Junior Class Favorite, Best Personality Boy of C.H.S. and treasurer of the National Honor Society. As an outstanding athlete he has earned three letters on the Varsity Basketball and Baseball Teams. Another of his successes has been to keep up his good grades while actively participating in athletic competition. He plans to continue his education with mathematics as his major in college.

KATHY LEWIS

As Secretary of the Tigerelles Kathy has proved herself a capable and trustworthy leader. Her office involves keeping grade and demerit records for all one hundred members of the pep squad and tending to most other club business. In appreciation for her performance she was elected Tigerelle Girl of the Year.

Perhaps the skill and experience acquired in the last two years as Classes Editor of the Flare Staff will help her in college, as she plans to make journalism her major.

MERILYN BARNETT

Merilyn's outstanding academic record is illustrated by the maintaining of a 4.0 average and by receiving the DAR American History Award. She also displays great abilities in public speaking and debating as shown by the many awards she has received in forensic tournaments. Her participation in debate, which has included the office of Debate Club Vice-President for the past two years, is part of her plans toward a career in law. Her other fields of interest are sewing, folk music, and antiques.

JIMMY DORRELL

Throughout high school Jimmy has received increasing honors for his participation in extracurricular activities. The highlights of his honors are President of the T-Square and Spanish Clubs his junior year, Regional Championship and Third in State for Tennis Doubles his junior year, and Senior Class Favorite. In addition he has maintained a 4.0 average and holds a demanding job outside school. He is interested in a religious occupation as a missionary and to this end he plans to devote himself in college.

BILLY PURSWELL

Billy has contributed greatly to the Tiger's success and his skills have resulted in three letters in Varsity Basketball. His academic record is unblemished by his taxing participation in sports. Active also in school organizations, he has been a member of the National Honor Society, FSA, FTA, Latin Club, and French Club, of which he is president. Billy's future plans include a college education with a major in mathematics or chemistry.

OUTSTANDING STUDENTS

SANDY RYAN

Sandy's main interests are journalism and home economics, and she has been recognized for her abilities in each of these fields. She is the 1968 Editor of the Journalism Club's Tiger Tales and is a member of the National Honor Society for Journalism Students. Fellow students in F.H.A. have honored her with the titles of Vice-President, President, Area IX Recording Secretary, representative for three years at the Leadership Conference at Stephen F. Austin and F.H.A. Queen.

MIKE WHATLEY

The respect Mike has earned from others is demonstrated by his election as President of the National Honor Society, He is also recognized for his achievements in the field of sports which include being a three year letterman both in basketball and baseball. Most of his free time is spent in practice for athletics, and any other relaxation is usually some form of sports. Despite activities in athletics, he has been able to give the effort necessary to be outstanding scholastically. He intends to continue his education in college with mathematics or business as his main field of interest.

CURTIS MATTHEWS

Maintaining a 4.0 average is but one of the many responsibilities Curtis has fulfilled. He holds an outside job, and in addition he has served dependably as Business Editor of the Flare Staff. Another of his time consuming activities is his participation on the Varsity Tennis Team. Last year he and his partner won the regional title and tied for Third in State Tennis Doubles. After studying accounting in college he hopes to become a successful businessman and take an active part in his city's growth.

PAMELA PITTS

The success of the 1968 Flare is due to the imagination and diligence of its editor Pamela Pitts. This difficult job is only a part of her full schedule; however, her excellent grades have not suffered from her strenuous duties. Her leadership has also played a part in such other clubs as National Honor Society, Student Council, in which she is the Reporter, and Latin Club, in which she has been the Vice-President for the last two years. As an exceptional student she received the DAR American History Award. She plans a college major in either a foreign language or law. Her qualities of perseverance and adaptability foreshadow a success in either field.

OUTSTANDING STUDENTS

ANN MARIE ABBOTT

Ann Marie's presence leading the opening of each assembly has made her familiar to the whole student body. This office as Vice-President of the Student Body also makes her a delegate of the Good Sportsmanship League and an officer of the Student Council. She has established herself as a leader by election to many other positions, such as class offices and Senior Class Favorite. She has also been honored by being in the National Honor Society, receiving the D.A.R. Good Citizen Award, and representing C.H.S. as a Duchess at the Mayfest in Brenham. With concentrated study in sociology and secondary education, Ann Marie hopes to receive a Master's Degree from Baylor University and then to enter a livelihood in social work.

A JOB IS WAITING...

KEEPING America strong and free is a big job. A job requiring constant progress and more electrical power. Most of this will come from investor-owned electric companies, like Gulf States.

It's your job, too. Education holds the key to our success as individuals, as a nation. Learn all you can . . . our future is at stake.
